#### MINISTRY INFORMATION-DEANN

- Please pass information from COM/policies and procedures onto your committees
- Kitchen usage **Please communicate with your committees: Do not keep leftover food from an event unless you have a designated group who has said they will take and use the food in a timely manner. If leftovers are saved for a group, please label the food by name of who will use it. Please check the cooler in a timely manner to see if in fact the group used the food. If they did not, please be responsible in throwing food out. I understand that people do not like to see food go to waste, but in most circumstances the food is thrown out after weeks of realizing it is not going to be used. Also note that all dishes washed should be dried and put away, not left to drain. If you leave them to drain, they remain on the counter draining.**
- Doors closed and lights turned off **Sharing this info per ad council request. Saving our energy!**
- Barn door lock replaced **Key is in office. Jay Porter and Jason Chapman have keys for after hours entry. Deann offered to obtain the key in daytime hours for Sharon if she needs entry after hours.**
- Holiday World ticket sales 6-24-7-8 \$36
- Garden ministry- 29 tomato plants, green beans, squash, cucumbers, onions, potatoes 3-4 weeks distribute. Ideas of recipients? **Some suggestions: USC and Community Table. These resources can be considered if there is transportation to Eville for USC in timing with their productivity. Also true to CT on Thursday nights.**

Welcome Lunch feedback forms **Distributed to ministries.**
